Gary / Anne / Phil,

I have taken the liberty of taking the input from Scott Jones's email below for the first document and incorporated EPA's answers to the questions. I have looked at the second attachment and feel a lot of the questions are more directly related to public health, Harris County, or the Remedial work at the site (i.e. South Pit). Please see attachments and call me or email to discuss.

Hello All-

Thanks for Jennifer Ronk and HARC folks for taking a crack at answering the FAQs from our Jan. 24th meeting and the Nov. 15th EPA meeting. Could a representative from each agency take a look at these and fill in the blanks and edit answers which pertain to you as necessary?

Rock – there is a question pertaining to the County's lawsuit; I think it would be good to provide the url to the suit as part of your answer.

I'd like to post the answers next week if possible, so appreciate in advance your help. I think that since Jennifer has provided us a start, it shouldn't be too bad.

Thanks-

Scott
